HALF CENT SALES TAX INITIATIVE FOR PUBLIC SAFETY AND HOMELAND SECURITY (ITEM S-1 BOARD AGENDA, JUNE 29, 2004)

On June 29, 2004, your Board, on a motion by Supervisor Yaroslavsky, requested the Chief Administrative Office (CAO), County Counsel, and the Sheriff's Department to work with the Sheriff's coalition to reach a consensus on utilization of the proceeds of the half cent tax, and to report back to the Board within two weeks. Attached for your consideration is a revised ordinance, and the projected allocation that each entity would receive based upon the proposed ordinance revisions (Attachment I).

The Half Cent Sales Tax Initiative for Public Safety and Homeland Security proposes a half cent Transactions and Use Tax for Los Angeles County. This tax would become effective only after approval by two-thirds of the qualified voters in Los Angeles County.

This Office has projected an estimated \$560.0 million in proceeds from the half cent sales tax, which was calculated using estimated Proposition 172 receipts for fiscal year 2003-04, and projecting a moderate growth of 2.5 percent (2.5%) for fiscal year 2004-05. In addition, population figures have been modified to reflect the most recent statistics available from the State Department of Finance.

Ordinance Revisions

The attached ordinance reflects the following revisions:

- Provides that the Board may, upon approval by a 2/3 vote of all members, and after consulting the Oversight Committee, suspend the sales tax levy after ten years (FY 2015-2016). Any such suspension shall not take effect until three years after the Board's approval. However, the Oversight Committee shall provide a report to consider the impact and ramifications of the suspension, prior to the Board taking action.
- Requires the County and cities to maintain a Maintenance of Effort (MOE) that may be adjusted annually in accordance with the Consumer Price Index (CPI) up to a maximum adjustment of three percent (3%). The MOE will be based upon resources provided to County and city agencies for public safety services for the 2003-04 fiscal year. If an entity fails to meet the obligation or chooses not to participate, their funds would be reallocated to all other agencies using the approved distribution formula.
- Provides that annually the Board of Supervisors determine the amount to be set aside for interoperability, up to two percent (2%), to provide for communications and specialized equipment.
- Provides that nine percent (9%) of the funds be allocated for the Sheriff Department's custody operations.
- Provides that six percent (6%) of the funds be allocated for other law enforcement and justice related purposes including defense costs and probation services.
- Distributes the remaining funds to the unincorporated area and all incorporated cities with a minimum allocation of \$500,000, with a provision for annual adjustment of this amount in accordance with the CPI. Said annual adjustment shall not exceed three percent (3%).
- Includes as eligible funding crime prevention activities for youth and adults.
- Requires each entity authorized to receive an allocation of funds to annually adopt, in a public meeting, an accounting of the use of funds received as a result of this levy and funds held in reserve.

Each Supervisor July 9, 2004 Page 3

- Provides that each entity retain unspent funds in a trust account, and annually determine the amount of those funds to be appropriated for purposes identified in the ordinance.
- Provides that the Auditor-Controller, at the direction of the Board of Supervisors, may audit the information provided by any public entity receiving funds to determine compliance with this ordinance.
- Creates an Oversight Committee comprised of the President of the Los Angeles
 County Police Chiefs Association, the Sheriff of Los Angeles County, a municipal
 finance director appointed by the League of California Cities Los Angeles
 Division, a city manager appointed by the California Contract Cities Association,
 an appointee of the Mayor of the City of Los Angeles, an appointee of the
 Chairman of the Board of Supervisors, a representative of the Independent City
 Managers Association, the City of Long Beach City Manager, and a
 representative of the Los Angeles Area Fire Chiefs Association.

We had proposed an additional alternative scenario requiring a ten percent (10%) surcharge from contract cities and a two percent (2%) surcharge from independent cities to defray the cost of countywide services provided by the Sheriff; however, the cities rejected this concept. Therefore, the Auditor-Controller will be proceeding with the study of contract cities billing rates as previously directed by your Board.

Conclusion

These ordinance revisions resulted from discussions with the Sheriff's Department, and representatives from law enforcement agencies and city managers throughout Los Angeles County and best represents the consensus of this body, as directed by your Board.

the allocation is made.

- n. Prior to appropriation by the Board, the Sheriff shall provide
 annually for Board approval a proposed methodology as well as
 program detail related to the unincorporated allocation that takes
 into consideration such factors as population, response time or
 crime rates. In the event that during the year the Sheriff is required
 to shift unincorporated resources because of criminal activity or
 other factors, the Sheriff will inform the Board of such action as
 soon as possible.
- (C) Maintenance of Effort.
- 1. In order to assist local governments in maintaining a sufficient level of public safety services, the proceeds of this section shall be designated exclusively to maintain, improve, or expand funding of local law enforcement and *youth and adult crime prevention programs*. Local financial resources to the County agencies and city law enforcement agencies shall not be reduced below the adopted budget for the 2003/04 fiscal year. The minimum maintenance of effort requirement shall be adjusted annually based on the increase or decrease in the U.S.

 Department of Labor, Bureau of Labor Statistics' Consumer Price Index for the Los Angeles-Riverside-Orange County Area (CPI) for the most

- recently published percentage change for the 12-month period for the preceding fiscal year, however, the annual adjustment shall not to exceed three percent (3%).
- 2. For purposes of this paragraph, the adopted budget for the 2003/04 fiscal year may be adjusted to reflect reduced expenditures necessitated by reductions in state and federal assistance, or reductions in any other revenue source beyond the control of that local government entity.
- 3. For purposes of this paragraph, the adopted budget for the 2003/04 fiscal year shall be adjusted for revenue exclusions. For each exclusion category, only those amounts that were appropriated for public safety services in the respective years adopted budget are excludable. This applies to the "base year" and any subsequent year. Appropriations funded by the following budgeted revenues must be excluded.
 - a. Grant funds received by the county, city or any charter city from any source.
 - b. Asset forfeiture revenues received by the County and City, including any charter city.

 Part 6 of Division 3 of Title 2, or any other reimbursement by the

 state for homicide trial costs, including, but not limited to, Chapter

 1649 of the Statutes of 1990 and its successors.
- g. Revenues budgeted from any source by the County or City,
 including any charter city to respond to a state of emergency
 declared by the Governor pursuant to the California Emergency
 Services Act.
- h. Appropriations by the County or City, including any charter city, for one-time expenditures related to public safety services. One-time expenditures mean material non-recurring expenditures. Budgeted appropriations for cost savings (actuarial savings, reduced costs for pension obligations due to the issuance of pension bonds) in appropriations for retirement and workers' compensation costs that do not result in a change in benefit levels.

- 4. If a loss or reduction in local general purpose financial resources occurs, proceeds from this Ordinance may be used to ensure public safety funding is not reduced below the adopted budget for the 2003/04 fiscal year, only if local financial resources to public safety are not reduced more than the total percent of the loss or reduction within the affected year.
- (D) Unspent Funds.
 - Any unspent proceeds from this Ordinance by the County, or a city, within a fiscal year, shall be held in a public safety reserve trust account established by that entity. Each entity shall annually determine the amount of unspent funds from the prior year to be appropriated for the purposes specified in Section 4.69.050(A).
- (E) The amount of revenues to be allocated to the County or a city in any fiscal year shall be reduced if the amount of funding for combined public safety services is less than the 2003/04 adopted budget amount. The reduction shall be the difference between the amount funded and the base year requirement. Further, nonparticipating agencies shall not receive funding. Funds available from a nonparticipating agency, or from a reduction in allocation because of an agency's failure to meet the base year requirement, will be returned to the pool for redistribution.

4.69.060. Application of sales and use tax provisions of Revenue and Taxation Code.

The provisions contained in Part 1 of Division 2 of the Revenue and Taxation Code (Sales and Use Taxes, commencing with Section 6001), insofar as they relate to sales or use taxes and are not inconsistent with Part 1.6 of Division 2 of the Revenue and Taxation Code (<u>Transactions and Use Taxes</u>), commencing with Section 7251, and all amendments thereto shall apply and be part of this Ordinance, being incorporated by reference herein.

4.69.070. Adoption of Revenue and Taxation Code Sections 7261 and 7262.

Pursuant to the provision of Revenue and Taxation Code Section 7262.2, the required provisions of Sections 7261 and 7262 of that Code as now in effect or as later amended are adopted by reference in this Ordinance.

4.69.080. Place of consummation of retail transaction.

The gross receipts from such sales shall include delivery charges, when such charges are subject to the State sales and use tax, regardless of the place to which delivery is

made. In the event a retailer has no permanent place of business in the State, or has more than one place of business, the place or places at which the retail sales are consummated for the purpose of the transactions tax imposed by this Ordinance shall be determined under rules and regulations to be prescribed and adopted by the State Board of Equalization.

This report shall be filed no later than November 30 of each year with the Auditor-Controller of the County. The Auditor-Controller shall in turn file a report with the County Board of Supervisors, stating the amount of funds collected and expended pursuant to this measure. This report shall be filed by January 1 following the first full fiscal year for which proceeds from this tax were allocated, and every January 1 thereafter so long as this tax continues to be levied.

An Oversight Committee consisting of the President of the Los Angeles County

Police Chiefs Association, the Sheriff of Los Angeles County, a municipal finance

director appointed by the League of California Cities, Los Angeles Division, a city

Auditor-Controller stating the amount of funds collected pursuant to this levy, and to
ensure that all such funds were distributed pursuant to the terms of the Ordinance. The
Oversight Committee shall annually report thereon to the Board of Supervisors. The
County Board of Supervisors shall consult with the Oversight Committee prior to
addressing the suspension of this levy for the purpose of considering the impact or
ramifications that could result therefrom. At the direction of the County Board of
Supervisors, the Auditor-Controller may audit the information provided by any public
entity receiving funds from this levy, to determine compliance with this Ordinance.

4.69.100. Effective and Operative Dates; Suspension of the Levy.

This ordinance shall take effect when approved by a two-thirds vote of the qualified voters of the County voting in an election on the issue. The ordinance will become operative on the first day of the first calendar quarter commencing more than 110 days after the Ordinance takes effect.
